RE: *Electronic Record Filing*

Dear Tracey:

South Union Township wanted to extend our gratitude for preparing and executing the electronic record filing. The entire staff from pickup to delivery were professional and our records were returned very quick. We appreciate you taking the stress and worry out of this procedure. You have made this endeavor effortless and fearless.

I am amazed how rapid we can locate documents from over thirty (30) years ago. Very seldom do I give a company my highest recommendation, Ford Business Machines has earned this endorsement.

Please feel free to have future clients view our operation or contact us for a reference.

Thank you,

South Union Township

Maxine Maximo-Legros
